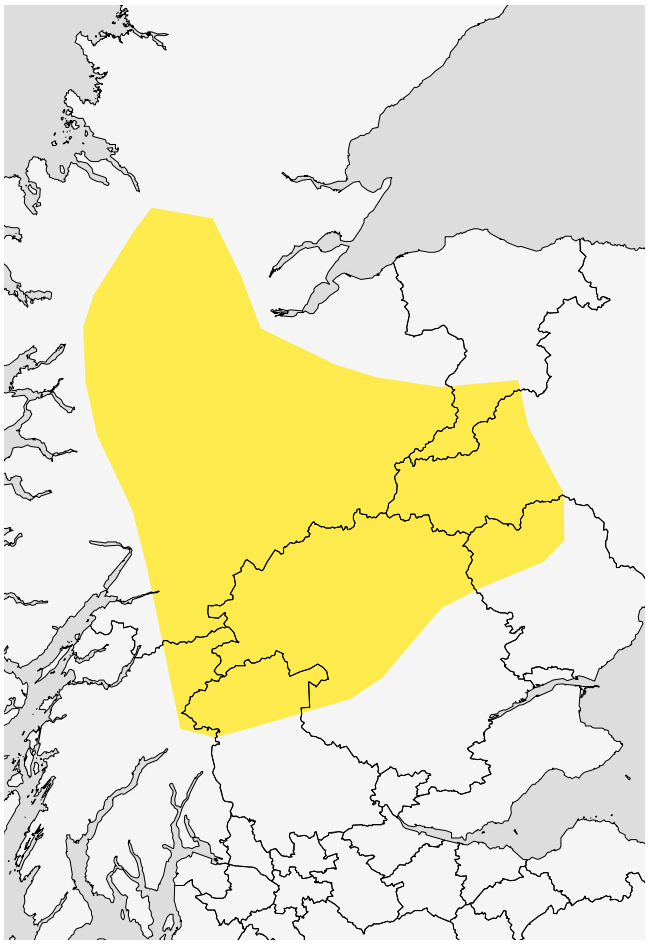
Between
15:00 Thu 23 Dec 2021 and
11:00 Fri 24 Dec 2021



Snow may cause travel disruption.

What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services

Further details

Rain will increasingly fall as snow during Thursday afternoon, become more widespread through the evening before turning lighter and patchier in nature on Friday. Initially snow will tend to be confined to areas above 500 metres or so, but during the evening snow will typically start to fall to 300 to 400 metres and perhaps fall to 200 metres in a few spots overnight. The bulk of accumulations will be above 300 to 400 metres with 2 to 5 centimetres possible and in excess of 10 centimetres possible above 500 metres.
